CAREGIVER TIPS

(list tips here, include printed tips for use in the program. Can include early learning tips, SEL tips, talking about race tips, etc. Find [tips in our database](#), or [add a new one](#) to share with the team)

Play with Blocks! Playing with blocks helps your child learn colors, counting, and logic. It also promotes creative thinking.

Name Different Shapes! The ball is round, the box is square, the line is straight. Letters are built on shapes, so this is a great way to help your child start to recognize letters.

Read the Pictures! If your baby wants to flip the pages, just talk about the pictures. Point to things and name them.
